INTRODUCING
THE
OFFLINE PAYMENT METHOD

Introduction

We noted that some projects were losing potential funding in countries where online payments by credit card are unavailable.

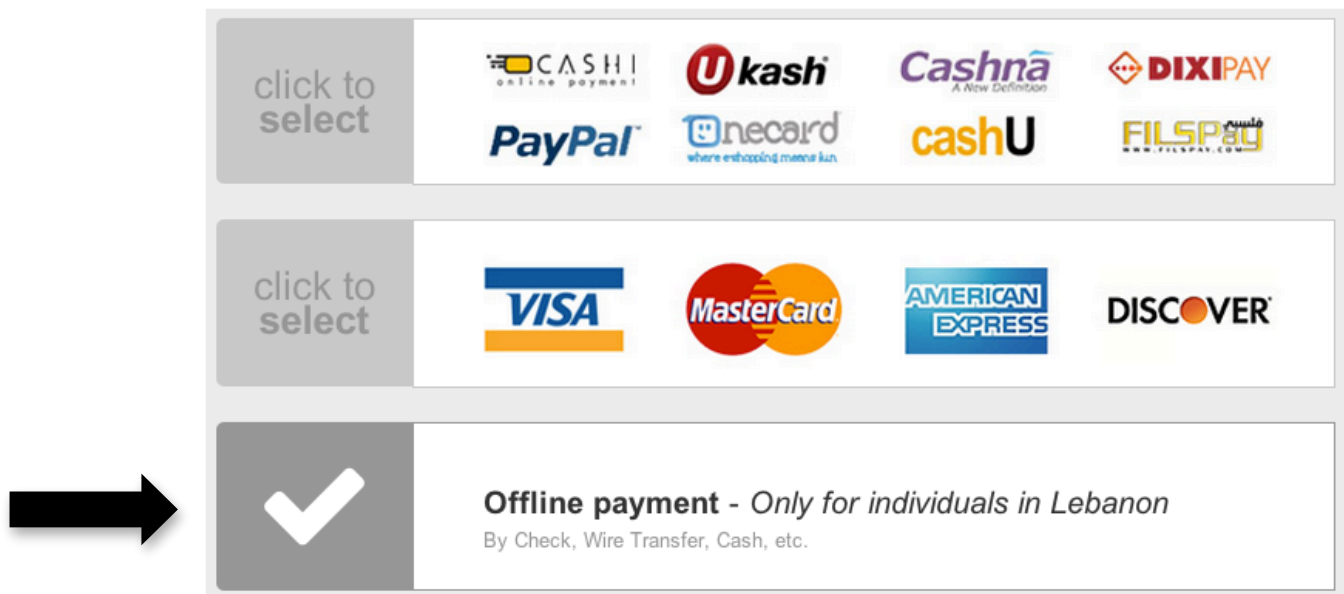

This problem is especially common in North African countries. So we decided to solve the problem by introducing an **offline payment method** that will allow everyone to take part in bringing back Arab creativity.

How does the Offline Payment Method work?

- This feature is available only for contributors that are located in the same country of residence of the project owner.

- The contributor goes to www.zoomaal.com > looks for your project > clicks on "Fund This Project" > he/she will be provided with the list of payment methods.

The offline payment option shows right under the online payment methods (as shown in the picture below).

- Once the contributor chooses the offline payment method, he/she will have to fill in his/her personal information (as shown in the picture below).

Offline payment - Only for individuals in Lebanon

By Check, Wire Transfer, Cash, etc.

Full Name:

Email:

Phone number:
Include country code. E.g. +9617567433

Address:

City:

Delivery duration (In Days):
How many days will you need max to send the funds after the project is successful?

How will you send the funds?
e.g. Meet in person at Zaytoonah Cafe, Bank Transfer, Western Union.. etc.

Can you show up to be part of a group meetup and pay your contribution in person?
 Yes
 No
This could be a great networking activity with similar minded people.

Upload any document that will certify your contribution.
 No file chosen
E.g. local ID card copy, passport copy, receipt, etc.

I certify that all the above information is correct and that I will deliver to what I have promised.

- We facilitated the process by asking the contributor to provide you with his/her preferred method of payment (Check, Wire Transfer, Cash etc.), or by asking him/her if the transfer can be made in person or at a group meetup for example.

- For the payment to go through you will have to **APPROVE** the transaction; you have to be sure that the contributor is real and that you will be getting your money once the campaign is successful.

The offline payments will be displayed on the received pledges under your project dashboard page (as shown in the picture below).

Recent offline transactions (Need approval)
